Sal., 24@24c., in kegs; English soda, 5c.; little discourse to the Workingmen's Club | Soda: Sal. 246. last week, apropos of the Jerusalem Cham-ber and the old story of "Madcap Hal," that "the King came to himself, and on hearing who had taken the crown he thought it was a wild freak of his son; accordingly he went for him and administered warnings which had an effect upon the young man."

OPPOSED TO FASTING IN LENT .- The Philadelphia Record says a number of members of the Reformed Episcopal Church in that city propose to discontinue the observance of Lent as a season of fasting. They urge that the indulgence in worldly pleasure be-fore and after Lent is increased by way of compensation for enforced abstention during the season of fasting; while they also unge that uniform moderation of life is the Church's great need, and that this may be better secured without Lenten observances than with them.

- Rev. Henry Ward Beecher in his Sunday morning sermon grappled with the cipher-dispatch matter in its relations to the "culture of the public conscience." Amongst other things he said : "If the citizens of Louisiana had been left to their own rule, there never could have been any question of counting, and the same is true in Florida and in South Carolina. There was no conscience for the liberty of the people, but nfterwards when they come to count, when they state that two and two are five, then they are up with a conscience."

Representative Foster's bill to discourage nsury and promote legitimate rates of in-terest makes it unlawful for banks to allow interest upon deposits of any character. It further provides a tax of five per cent. upon the gross amount of deposit in each year, such tax to be remitted on proper affidavit being made that no interest has been allowed on deposits by the bank.

During the four storms which have taken place during the present winter 127 persons are known to have been lost at sea, and the loss caused to the merchant marine amounts to over \$4,000,000.
